

CURRICULUM VITAE

VOLPE ALESSANDRO, M.D.

Date of birth: May 26, 1972
Place of birth: Torino, Italy
Nationality: Italian

Current position: Assistant Professor of Urology
University of Eastern Piedmont, Italy

Chairman Division of Urology
Maggiore della Carità Hospital, Novara, Italy

EDUCATION

HIGH SCHOOL

1986 - 1991 **Scientific Lyceum “Valsalice”** – Torino, Italy
High School Diploma with full marks (60/60).

UNIVERSITY

- 1991 - 1998 **Degree in Medicine and Surgery – Medical School of Torino, Italy.**
- Medical degree with maximum marks (110/110 cum laude and honourable mention), March 30, 1998.
 - Discussed the degree thesis “Anatomical and functional study of the *disused* bladder of patients waiting for renal transplantation”, made in collaboration with the Hospital Department of Urology of S.G.Battista Hospital of Torino (Dr. U. Ferrando), the Clinic of Urology of the University of Torino (Prof. S. Rocca Rossetti), the Laboratory of Human Anatomy of the Human Anatomy, Pharmacology and Phorensic Medicine Department of the University of Torino (Prof. A. Vercelli) and the Second Clinic of Pathology of the University of Torino (Prof. G. Palestro). The thesis was considered worthy of publication.
 - The thesis was discussed and given a prize as best paper on a clinical argument in the academical year 1996/97 by the Medical Academy of Torino, Mar 18, 1999.
 - Received a special award of recognition of merit in the study (Menzione Optime) for the academical year 1996/97 by the Industrial Union of Torino, Sep 22, 1998.
 - Passed the State Exams of qualification to the profession of physician in the second session 1998 with full marks (110/110).
 - Specialty in Urology at the Medical School of Torino with maximum marks (70/70 cum laude), November 14, 2003.
 - Discussed the specialty thesis “Natural history and prognostic factors of renal cell

carcinoma: experimental contribution” made in collaboration with the Division of Urology, S. Giovanni Battista Hospital, Torino (Dr. U. Ferrando), the Division of Urology, Princess Margaret Hospital, University Health Network, Toronto, Ontario, Canada (Prof. Michael AS Jewett), the Laboratory of Renal Immunopathology, Department of Internal Medicine, University of Torino (Prof. G. Camussi) and the Division of Pathology, Department of Oncology, University of Torino (Prof. G. Palestro). Relator of the thesis: Prof. A. Tizzani, Chairman of the Department of Urology, University of Torino. The thesis was considered worthy of publication.

- Associate member of the “European Society of Oncology Urology” (ESOU) of the “American Society of Urologic Oncology” (SUO) and ordinary member of the “European Association of Urology” (EAU), “Italian Society of Urology” (SIU), “Italian Society of Urologic Oncology” (SIURO), Italian Endourological Association (IEA), Italian Society of Urologic, Nephrologic and Andrologic Ultrasound (SIEUN) and “Associazione Urologi Piemontesi e Valdostani” (Piedmont and Aosta Valley Urological Association) (AUP).
- Reviewer for the selection of the most valuable papers to be presented at the Annual meeting for the European Association of Urology (EAU), Italian Society of Urology, the Italian Society of Urologic Oncology and the International Society of Urology (SIU).
- Member of the post publication peer review “Faculty of 1000” for New technology section.
- Member of the editorial board of the Archivos Españoles de Urologia since 2011 and of British Journal of Urology International since 2013.
- Section Editor of Minerva Urologica e Nefrologica since 2016.
- Member of the Scientific Committee of the “Italian Society of Urologic Oncology” (2012-2015)
- Reviewer for the following medical journals: European Urology, Urologic Oncology: Seminars and original investigations, British Journal of Urology International, Journal of Endourology, International Journal of Urology, Nature Reviews Urology, World Journal of Urology
- Member of the EAU Guidelines on Renal Cell carcinoma panel since 2012
- Faculty member of the European School of Urology (ESU) since May 2011.
- Member of the Renal Cell Carcinoma Cross Channel Group (RCCG) for research on kidney cancer since 2015.
- Member of the Guidelines committee of the Italian Society of Urology (2010-2013). In charge of the guidelines on systemic therapy for metastatic renal cell carcinoma.

- Coordinator of the Italian Society of Urology working group on renal oncology, adrenal diseases and renal transplantation since 2014.
- Coordinator of the hands-on sessions of simulation training in Robotic surgery at the Annual Meeting of the Italian Society of Urology (2014-2015)
- Member of the EAU Young Academic Urologists (Renal cancer group) (2012-2015)
- Member of the European Board of Urology Sub-Specialty Certification Program peer review body on Renal Oncology since 2012
- Coauthor of the EAU patient information on kidney cancer on 2014
- Oral examiner for the European Board Examination in Urology (2011-12)

FOREIGN LANGUAGES

ENGLISH

- **Diploma in English Studies** at the Summer School of the Dublin Language Centre - Dublin (Ireland) 1987 - 1988 - 1989
- **TOEFL (Test of English as a Foreign Language)** – Milan, April 18, 2002.
- **TSE (Test of Spoken English)** - Torino, May 11, 2002.

EXPERIENCE

Oct 1992 – Dec 1995

Internee at the Medical Institute of Sport C.O.N.I.-F.M.S.I., Torino. Director: Dr. C.G. Gribaudo.

Sep 1995 – Jul 1996

Internee at the Division of General Surgery, S.Giovanni Battista Hospital, Torino. Director: Prof. N. Massaioli.

Nov 1997 – Nov 1998

In charge of targeted medical research assigned by the Councilor of Regional Health Assistance. Subject of research: “Use of sequential kidney scintigraphy in the preoperative evaluation of ureteral peristalsis in normal conditions and in presence of dilatation. Morpho-functional correlation with the intramural innervation density”. Supervisor: Prof. S. Rocca Rossetti.

Sep 1996 – Oct 1998

Internee at the Department of Nephrology and Urology, Division of Urology, S.Giovanni Battista Hospital, Torino. Director: Dr. U. Ferrando.

- Jan 1997 – Jul 1998** Student attending the Laboratory of Human Anatomy of the Human Anatomy, Pharmacology and Phorensic Medicine Department of the Medical School of Torino. Supervisor: Dr. A. Vercelli.
- Sep 1997 – Jul 1998** Student attending the Immunohistochemical Laboratory of the Second Clinic of Pathology of the Medical School of Torino. Director: Prof. G. Palestro.
- Nov 1998 – Nov 2003** Resident in Urology at the Medical School of Torino.
- Jun 8-19, 2001** Visitor at the Urology Division, University Health Network (Toronto General Hospital and Princess Margaret Hospital), Toronto (Ontario, Canada), participating in the ambulatory care, cystoscopy and urooncology operating room and attending the conferences held during this period.
- Jun 10 – Sep 6, 2002** Visiting Urology Research Resident at the Division of Urology, University Health Network (Toronto General Hospital and Princess Margaret Hospital), Toronto (Ontario, Canada).
- Apr 10 – May 10, 2003** Visiting Urology Research Resident at the Division of Urology, University Health Network (Toronto General Hospital and Princess Margaret Hospital), Toronto (Ontario, Canada).
- Jan 1 – Dec 31, 2003** In charge of targeted clinical research assigned by the “Associazione Urologi Piemontesi e Valdostani” (AUP) in order to create and manage a regional database of rare urologic malignancies.
- Jan 1, 2004 – Dec 27, 2005** “Society of Urologic Oncology” (SUO) Urooncology Fellowship at the University Health Network (Toronto General Hospital and Princess Margaret Hospital) and Sunnybrook and Women’s College Health Sciences Centre, University of Toronto, ON, Canada.

During the SUO fellowship the focus of his research activity was kidney cancer, with particular interest in:

- the natural history of small renal tumors;
- the role of active surveillance in the management of small renal masses in selected patients;
- the role of percutaneous fine needle aspiration and core biopsy in the management of renal tumors;
- the use of the microarrays technology in order to identify gene expression profiles that correlate with a higher risk of progression in RCC’s;
- the development of an evidence-based follow-up protocol for patients who undergo radical nephrectomy for RCC;

- the development of HIFU technology as a treatment for kidney cancer.

Concerning the clinical activity:

- he performed as first operator a significant number of urooncological surgical procedures at the Toronto General Hospital and at the Sunnybrook and Women’s College Health Sciences Centre;
- he has been in charge for 2 years of the Renal tumor clinic at Princess Margaret Hospital, developing a robust experience in the management of localized, advanced and metastatic RCC;
- he has chaired for 12 months the “Renal tumor board” at the Princess Margaret Hospital, a weekly meeting with interdisciplinary discussion of complex cases of renal oncology and presentation of talks on these topics;
- he regularly attended the conferences and weekly Genito-Urinary Tumor Boards at the Toronto General Hospital and at the Sunnybrook and Women’s College Health Sciences Centre. In these meetings he often moderated the discussion of clinical cases and gave talks about urooncological topics;
- he regularly attended the monthly “Journal Club”, with discussion of outstanding urooncological articles. In several of these occasions he has been in charge of the presentation and discussion of the papers.

Concerning the teaching activity:

- he has been involved in the surgical teaching of residents of the Urology Specialty program at the University of Toronto
- he has been Tutor in the Arts and Science of Clinical Medicine Year 2 for the 2004/05 academic year at the Peter-Boyd Academy, Faculty of Medicine, University of Toronto.

Dec 29, 2005 – Aug 6, 2006	<u>Staff member at the Division of Urology, S. Giovanni Battista Hospital, Torino, Italy. (Director: Dr.U. Ferrando)</u>
Aug 7, 2006 – June 14, 2008	<u>Staff Member at the Department of Urology, S. Luigi Gonzaga Hospital, University of Torino, Italy. (Director: Prof. R.M. Scarpa)</u>
June 15, 2008 – today	<u>Staff Member at the Department of Urology, Maggiore della Carità Hospital, Novara, Italy. (Director: Prof. C. Terrone)</u>
June 15, 2008 – today	<u>Assistant Professor in Urology, University of Eastern Piedmont “Amedeo Avogadro”, Novara, Italy</u>
Jan 01, 2013 – today	<u>Clinical fellow and Scientific director, O.L.V. Robotic Surgery Institute, Aalst, Belgium</u>

Concerning the clinical activity:

- he did intensive robotic training, including work at robotic simulators, dry lab and wet lab on dead and live pigs.
- he performed a significant number of robotic procedures at the OLV Ziekenhuis in Aalst, including mostly robot-assisted radical prostatectomies and robot-assisted partial nephrectomies.

Concerning the teaching and research activity:

- he was responsible of the OLV Robotic Surgery Institute's training courses for national and international urologists, acting as trainer and supervisor.
- he was responsible of all the clinical research projects on urologic robotic surgery at the OLV Robotic Surgery Institute and coordinates a group of residents, fellows and research assistants in data collection, project design and manuscript drafting.

TEACHING ASSIGNMENTS

At the University of Eastern Piedmont he has been in charge in the academic years 2008/09 - 2011/12 of the

- Course of Urology in the 4th year of Medical School

At the University of Eastern Piedmont he is in charge since the academic year 2008/09 of the following courses:

- Course of Urology in the 3rd year of the Degree Course in Physiotherapy
- Course of Urology in the 3rd year of the Degree Course of Obstetrics.

Since the academic year 2015/16 he is coordinator of the Residency program in Urology of the University of Eastern Piedmont joined with the University of Torino.

Since the academic year 2011/12 he is in charge of the Course of "Evidence based medicine in urology" in the Residency program in Urology of the Universities of Torino and Eastern Piedmont.

In 2013-14 he has been in the faculty of the Courses on robotic radical prostatectomy: simulation training and live surgery – Scuola Simulazione e Formazione Avanzata della Regione Veneto (SiFARV) as teacher and tutor.

AWARDS

Prize as best paper on a clinical argument in the academical year 1996/97 by the Medical Academy of Torino for the thesis “Anatomical and functional study of the *disused* bladder of patients waiting for renal transplantation”.

Special award of recognition of merit in the study (Menzione Optime) for the academical year 1996/97 by the Industrial Union of Torino.

Prize as best video presentation at the 76th National Congress of the Italian Urological Society (Florence, June 14-18, 2003) for the paper “Cistectomia parziale con sostituzione a mezzo di patch di sottomucosa del piccolo intestino di maiale (StratasisTM): evoluzione funzionale e morfologica a 6 mesi” (Partial cystectomy and bladder substitution with a small intestinal submucosa - StratasisTM - patch: functional and morphological 6 months follow-up).

Award as best presentation on a clinical topic at the University of Toronto Robson Research Day (Toronto, Apr 12, 2005) for the paper “Techniques, safety and accuracy of needle biopsy of renal tumors: review of the University Health Network experience”.

Award as best presentation on urinary stones/ESWL at the 80th Congress of the Italian Society of Urology (Bari, Sep 27 – Oct 1, 2007) for the paper “PCNL in Valdivia-Uria mod. Galdakao position for the treatment of renal lithiasis: our experience”.

Award as best poster presentation in the “Kidney cancer: treatment and laparoscopy” session at the 22nd EAU meeting, Berlin 2007.

Assessment of preoperative risk factors for complications of laparoscopic partial nephrectomy.
F. Porpiglia, A. Volpe, M. Billia, J. Renard, R. Tarabuzzi, C. Terrone, R.M. Scarpa

Award as best poster presentation in the “Kidney cancer: prognosis” session at the 26th EAU meeting, Vienna 2011.

Prognostic factors in chromophobe renal cell carcinoma: results from a retrospective multicenter series.
A. Volpe, G. Novara, A. Antonelli, R. Bertini, M. Billia, G. Carmignani, N. Longo, G. Martignoni, A. Minervini, V. Mirone, C. Simeone, A. Simonato, C. Terrone, F. Zattoni, V. Ficarra

Award “Forum Young Urologists 2012” of the Italian Society of Urology for the best scientific projects of a young urologist. Title of the research project: “Multicentre study of the diagnostic accuracy and interobserver variability in the assessment of biopsies of renal tumors”.

Award as best poster presentation in the “Radical prostatectomy for clinically localized prostate cancer” session at the 29th EAU meeting, Stockholm 2014.

Multi-institutional validation of the ERUS robotic surgery training curriculum
A. Volpe, K. Ahmed, P. Dasgupta, V. Ficarra, H. Van Der Poel, A. Mottrie

Award as “best poster presentation” at the AUA meeting, Orlando 2014.

Nephron sparing techniques independently reduce the risk of cardiovascular events after surgery in patients with clinical T1a-T1b renal mass and normal preoperative glomerular filtration rates: results from a large multi-institutional study.
